# LEADING PUBLIC PROCUREMENT TRANSFORMATION

*Innovate, Inspire, Transform*

### Introduction

Public procurement is the backbone of effective governance; ensuring public funds are utilized with utmost efficiency and transparency. We are excited to invite you to our exclusive training program, "Leading Public Procurement Transformation," designed specifically for procurement professionals eager to lead and innovate in this critical sector.

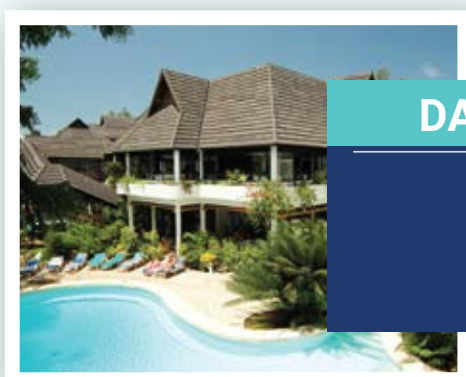

This 5-day intensive course is grounded in the OECD framework on public procurement transformation, which emphasizes transparency, efficiency, and strategic use of procurement to achieve broader policy objectives. Here is what awaits you:

- **Comprehensive Foundation:** Examine the complex legal and regulatory landscapes of national and international procurement.
- **People-Centric Procurement:** Elevate your procurement workforce, focusing on professional development and capacity building.
- **Technological Edge:** Explore cutting-edge technologies that revolutionize procurement practices, enhancing efficiency and accountability.
- **Sustainability Focus:** Incorporate green procurement strategies for sustainable development.
- **Organizational Excellence:** Optimize procurement organizational arrangements to achieve peak performance.

Through a blend of expert lectures, real-world case studies, and engaging interactive sessions, you will acquire practical insights and modern techniques to redefine procurement excellence.

Join a community of forward-thinking leaders and transform your approach to public procurement. This is your chance to innovate, inspire, and create a lasting impact in an ever-evolving field.

Be part of this groundbreaking journey. Register now and lead the transformation!

## Lead Trainer

### John Auma

**LLM (Public Procurement Law),  
MA (Economics),  
BEd, MCIPS, MKISM**

John Auma is a highly accomplished Procurement & Supply Chain Management Specialist with over 27 years of distinguished professional experience. His pivotal role in strengthening procurement systems has significantly shaped procurement landscapes across several countries, establishing him as a leading authority in the field.

John's extensive expertise in public procurement legislation includes the review and development of both primary and secondary legislation, profoundly impacting regulatory frameworks across multiple African nations. His proficiency in creating comprehensive procurement audit manuals ensures effective oversight and compliance, reinforcing robust procurement practices. In the scope of e-government procurement (e-GP), John has been instrumental in policy development, driving the digital transformation of public procurement.

As an international consultant, John has delivered tailored solutions to procurement challenges in Rwanda, Zambia, Malawi, Nigeria, South Sudan, and The Gambia, among others. John's consultancy extends to mainstreaming civil societies in procurement governance, promoting inclusivity and transparency. He has collaborated with major international organizations, including the United Nations (UNOPS), Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), Austrian Development Agency (ADA), and the European Union (EU), contributing to significant procurement projects.

Among his notable roles, John served as the Lead Consultant for International Supply Chain Solutions Ltd (ISCS) and the Public Procurement Oversight Authority (PPOA). In this capacity, he conducted thorough reviews of procurement practices in numerous public procuring entities, ensuring compliance and recommending improvements. His advisory services for the United Nations Office for Project Services (UNOPS) have led to significant enhancements in procurement practices and reforms.

He holds a Master's degree in Public Procurement Law (LLM), a Master of Arts degree in Economics and a Chartered Institute of Procurement and Supply (CIPS) professional qualification in Procurement & Supply Management. He is a member of the Chartered Institute of Procurement and Supply (CIPS), United Kingdom (U.K) and the Kenya Institute of Supplies Management (KISM), Kenya.

Participating in this training programme offers a unique opportunity to learn from a leading expert with unparalleled experience in public procurement. John's deep insights and practical approach will equip you with the skills and knowledge necessary to excel in the field.

## Course Objectives

The Leading Public Procurement Transformation course is designed to achieve a set of comprehensive objectives, aiming to equip participants with the knowledge, skills, and strategic insights necessary for transformative leadership in the public procurement sector. This course will enable participants to:
